

Corporate Membership Information & Updates

The NCK Wellness Center offers the corporate program you participate in to help businesses promote health and well-being to employees.

It is the business's choice how to set it up in-house. Some corporate accounts pay a portion of the employee's membership, some pay it all, some deduct all of the membership from the employee's pay, and some have the employees write them a monthly check. It is completely up to you!

In order to qualify for special corporate rates, businesses need to maintain at least two annual memberships or four monthly memberships.

2012 Membership Rates

Corporate Membership Rates	
Individual Monthly	\$35
Individual Yearly	\$350
Family Monthly	\$55
Family Yearly	\$550

Regular Membership Rates	
Individual Monthly	\$45
Individual Yearly	\$425
Family Monthly	\$65
Family Yearly	\$625

In addition to discounted membership rates, the joining fee is also waived one time per corporate member. Those employees who are rejoining the NCK Wellness Center may still join at the reduced corporate rate, but they must pay the \$30 joining fee upon re-enrollment to the Front Desk Attendant.

If employees sign up on **year in full** memberships, they not only get their joining fee waived (no matter how many times they've rejoined), but they also get free group exercise classes (a \$120 value) and save more than \$230 off the regular monthly rate for a family or \$190 off a regular individual membership.

Interested in Developing a Corporate Wellness Program?

This year the NCKWC will be working with the Healthy Community Design team and WorkWellKS to initiate worksite wellness programs in Beloit as part of a grant. Want in on the free tools & even a little funding to implement a program? Call Lori ASAP. Grants available for 7 businesses in Beloit.

Do you have questions?

Call the Wellness Center at 738-3995 and ask for Lori or Janea. We can discuss your options and help you figure out what works best for you and your employees. We are more than willing to come out during open enrollment periods to meet with employees individually if you would like us to answer their questions.

What do we send to the Wellness Center as a corporate account?

- The name, phone number, address, and e-mail address of the person handling the account
- An updated list of participating employees' names and their type of membership
- One check for your corporate memberships (Due by the 8th of each month)
- We ask that you send these monthly or annually depending on your membership types

We will send a health newsletter each month by e-mail so you can print and distribute them to employees. We also have the ability to print usage reports if you would like these for use in developing the health of your employees as a group.
