

2024 Corporate Membership Information & Updates

Thank you for your continued support of the NCK Wellness Center, Inc. The facility would not exist without the loyal and consistent support of the NCK Wellness Center Corporate Accounts. Headed into our 17th year of operation, we continue to strive to maintain long-term sustainability for our community by being good stewards of membership income. We understand the work that goes into managing your corporate account and appreciate the effort you put into it. We are striving to serve you better and help you and your business meet your wellness needs. Feel free to contact me anytime with feedback related to what could make your role easier.

We have added some pieces that should help move you toward a healthier workforce should you choose to take advantage of them. We would love the opportunity to help your team grow the health and wellness of your employees.

Below is the rate table for 2024. Please be sure to adjust your payroll rates so your January check reflects the change.

2024 Membership Rates		
	Regular Rate	Corporate Rate
Individual Monthly	\$58	\$48
Individual Yearly	\$545	\$448
Family Monthly	\$85	\$74
Family Yearly	\$805	\$715

Do you have questions about your corporate account?

E-mail Lori lguile@ncktc.edu or call 785-738-3995. We can discuss your options and help you figure out what works best for you.

What do we send to the Wellness Center as a corporate account?

- The name, phone number, address, and e-mail address of the person handling the account
- An updated list of participating employees' names and their type of membership with each check
- One check for your corporate memberships (Due by the 1st of each month)
- We ask that you send these monthly or annually depending on your membership types

We are here to help you increase wellness among your employees. We've updated our offerings with membership. Each person who joins receives a free "Get Moving" session with a trainer who will put together a workout for the member and help them get started using the facility!
